

Summer Reading Project for Rising 1st Graders

Congratulations Kindergarteners for making it through an amazing year! We are so proud of you and will miss you this summer! We know that you are ready to take on 1st grade, and we are so excited for you to continue learning and growing this summer!

Over the summer, please continue to practice math, practice ELA, AND complete the following project!

Choose from the following series for your summer reading project:

- ***PETE THE CAT (any book from this series)***
- ***PLAY BALL AMELIA BEDELIA***
- ***MAKE WAY FOR DUCKLINGS***
- ***IF YOU GIVE A MOUSE A COOKIE***

Project - Bring in the book and a bag containing 3-5 items related to the book for an oral report presentation. We recommend that you write 2-3 sentences to help you recall facts about your book. Bring your book and bag on the **1st day** of school.

Note to parents: Summer reading is very important and is intended to be fun, but may be challenging. Students are encouraged to have

support (such as reading with a parent or following along while listening to an audio book). Thank you for helping your students prepare for first grade by encouraging them to keep growing over summer break!
