Top two recommended books: Book #1 - Encyclopedia Brown Boy Detective and Book #11 - Encyclopedia Brown Lends a Hand

"Ivy and Bean are very different. Bean is loud and wild and goofy. Ivy is quiet and full of ideas. But sometimes opposites can become the best of friends because they're opposites. The **Ivy and Bean** books are about the adventures -and disasters- created by this unlikely team."

-Annie Barrows, Author

When kids enter the **Imagination Station** stories, they experience an unforgettable journey filled with action-packed adventure to inspire their imaginations. This is a 26-book historical fiction series.

On your first day back to school, bring the book you read, along with your notes and a bag containing 3 - 5 items related to the book, to use for an oral book report presentation the first week. To help you during your presentation, write a few sentences on notebook paper or make notes on index cards to recall parts of the book you'd like to share with the class.

Note to Parents:

Summer reading is essential, and while it is intended to be fun, it can also be challenging. Most children need reminders to make time for reading. Please know we have encouraged all students to have support when reading their summer project book. Student support could be reading with a parent or following along while listening to an audiobook. Regardless of the reading level, shared reading with an adult helps a child further develop their language and comprehension skills.

Thank you in advance for helping your child prepare for 3rd grade by

providing opportunities for continuous learning over the summer break!
